Senate Bill No. 1856 CHAPTER 697
Sponsor: Costa.

BALLOT LABEL

SAFE, RELIABLE HIGH-SPEED PASSENGER TRAIN BOND ACT FOR THE 21ST CENTURY.

This act provides for the Safe, Reliable High-Speed Passenger Train Bond Act for the 21st Century. For the purpose of reducing traffic on the state's highways and roadways, upgrading commuter transportation, improving people's ability to get safely from city to city, alleviating congestion at airports, reducing air pollution, and providing for California's growing population, shall the state build a high-speed train system and improve existing passenger rail lines serving the state's major population centers by creating a rail trust fund that will issue bonds totaling $9.95 billion, paid from existing state funds at an average cost of six hundred and forty-seven million dollars ($647 million) per year over the 30-year life of the bonds, with all expenditures subject to an independent audit? Fiscal Impact: State cost of $19.4 billion over 30 years to pay both principal and interest costs of the bonds. Payments would average about $647 million per year. Unknown operation and maintenance costs, probably over $1 billion annually; at least partially offset by passenger fares.

Criminal Penalties and Laws. Initiative Statute.
Proponents: George C. Runner, Jr., Gary Ovitt, and Mike Reynolds

- Increases penalties for violating a gang-related injunction and for felons carrying guns under certain conditions.

Summary of Legislative Analyst's Estimate of Net State and Local Government Fiscal Impact:

- Net increase in state costs that are likely within a few years to exceed $500 million annually, primarily due to increasing state spending for various criminal justice programs to at least $965 million, as well as for increased costs for prison and parole operations.
